

SCHEDULE-AT-A-GLANCE

Schedule current as of 7/28/2022 and subject to change. See MoldMakingConference.com for session times and details.

TUESDAY, NOVEMBER 8, 2022

9:00-9:30am GENERAL SESSION	OEM Corporate Initiatives for Digitization of Tooling Are on the Rise Bob Vancoillie, <i>Johnson & Johnson</i> ; Moderator: Jerry Sherman, <i>Coast Systems</i>
9:30-10:00am ENGINEER	Connecting Industry 4.0 Technology to Your Molds and Molding Process Don Smith, <i>Scholle IPN</i>
10:00-10:30am BUILD	Applying Predictable Manufacturing to Your Mold-Building Operation Dave Tomic, <i>Eden Tool & Eden Manufacturing</i>
10:30-11:00am	REFRESHMENT BREAK
11:00-11:30am MAINTAIN	Designing Molds for Maintenance Wayne Daniel, <i>Canon Virginia Inc.</i>
11:30-12:00pm MANAGE	Securing Grant Funding to Increase Investment in More Modern Manufacturing Technologies Don Shrader, <i>American Quality Molds</i>
12:00-1:00pm	LUNCH
1:00-1:30pm ENGINEER	Turning Industry 4.0 into Dollars & Sense Robert Graup, <i>Intex Tooling</i>
1:30-2:00pm BUILD	New P20 Steel Eliminates Demand for Stress Relieving After Rough Cutting Shane Appel, <i>General Motors</i> ; Greg DeFrancisco, <i>Omega Tool</i> & Louis Phillipe Lapierre-Boire, <i>Finkl Steel</i>
2:00-2:30pm MAINTAIN	A Digital Revolution: Managing Data from Mold Design to Mold Repair Bryan Belanger, <i>SyBridge Technologies</i>
2:30-3:00pm MANAGE	What Is Holding You Back from Growth and Opportunities? Entrepreneurial Program Takes Mold Shop to the Next Level Joe Cherluck, <i>Best Tool & Engineering</i>
3:00-3:30pm	REFRESHMENT BREAK
3:30-4:00pm ENGINEER	Getting "VR" Real with Moldmaking Training Rick Finnie, <i>M.R. Mold</i> & Torsten Kruse, <i>Kruse Analysis</i>
4:00-4:30pm BUILD	Applying Industry 4.0 Takes Imagination and Collaboration Geoff Luther, <i>AI Tool</i>
4:30-5:00pm MAINTAIN	Remote Mold Cleaning, Monitoring and Diagnostics Steve Wilson, <i>Cold Jet</i> , Customer TBA
5:00-5:30pm MANAGE	How to Improve Efficiency in 3 Key Toolroom Areas James Jergens, <i>Triangle Tool</i> and <i>Penn Erie Tool</i> , <i>The Plastek Group</i>
5:30-8:00pm	Networking Reception at the NASCAR Hall of Fame

SCHEDULE-AT-A-GLANCE

Schedule current as of 7/28/2022 and subject to change. See MoldMakingConference.com for session times and details.

WEDNESDAY, NOVEMBER 9, 2022

9:00-9:30am GENERAL SESSION	Answering the Call for Mold Engineering Help with a Unique Mold Design Apprenticeship and Untapped Resources <i>Jeff Mertz, Anova Innovations & Tami Adams, Northwestern PA Chapter, National Tooling & Machining Association (NTMA)</i>
9:30-10:00am ENGINEER	Focused Training Raises Medical Part and Mold Design Skills to the Next Level <i>Ed Flores, Integer Holdings Corp. & Alex Beaumont, Beaumont Inc.</i>
10:00-10:30am BUILD	Profitability Prediction and Monitoring with 3D-Printed Tooling, Industrial IOT & AI <i>Amanda Wiriya, Director of Manufacturing Support, Wepco Plastics & Zachary Smith, Instaversal & Mata Inventive</i>
10:30-11:00am	REFRESHMENT BREAK
11:00-11:30am MAINTAIN	Laser Technology on Mold Textures Ensures Brand Protection, Recycling and Traceability <i>Chad Hase, Custom Etch, Customer TBA</i>
11:30-12:00pm MANAGE	The How and Why of Starting Up a Next-Level Mold Shop Today, NextGen Mold Technologies <i>Dennis Goggin & Nicola Geysler, NextGen Mold Technologies</i>
12:00-1:00pm	LUNCH
1:00-1:30pm ENGINEER	Roadmapping Workshop Reveals Key Pain Points and Leverage Areas of Advanced Tooling Manufacturing – Overview for ORNL Advanced Tooling R&D <i>Dr. Ahmed Arabi Hassen, Oak Ridge National Laboratory (ORNL)</i>
1:30-2:00pm BUILD	Collaboration for Disruptive Tooling <i>Steve Michon, Zero Tolerance & Jason Murphy, Next Chapter Manufacturing</i>
2:00-2:30pm MAINTAIN	A Multi-Faceted Approach to Sustainability in Moldmaking: Mold Steel, Mold Building and Molding <i>Kelly Santini, imFLUX & Patricia Miller, Uddeholm North America</i>
2:30-3:00pm MANAGE	How to Engineer, Build, Maintain and Manage a Strategy to Become a Profitable Mold Manufacturer <i>Beau Ganas, Science of Business</i>
